

One turn changes every shape using the chosen key. Shapes keep their places in the message.

in	○	△	□
out	△	□	○

Problem 1: Fill the empty messages.

○ △ ○	→	□ □ □
□ □ △	→	□ □ □
△ ○ □	→	□ □ □
□ □ □	→	△ ○ △
□ □ □	→	□ □ ○
□ □ □	→	○ △ □

Problem 2: Make messages for a partner to decode with this key.

Problem 3: Keep sending each message through each key. When does the whole message first come back?
