Cut out each pair of squares. Attach them back to back to make a two-sided turn tile. Use the first tile with one cop and the second with two cops. Cut out counters, or use 14–18 mm counters marked C, R, C1 and C2.

C turn

R turn

Both cops

R turn

For folds: prepare opaque paper or card rectangles (24 by 32 mm) and strips about 5 mm wide, scissors, and removable tape. Trim covers to hide removed dots, labels and roads while leaving surviving dots and roads visible. Stack cops when they share a dot.
