Week 35 / Footprint borders / Problem menu

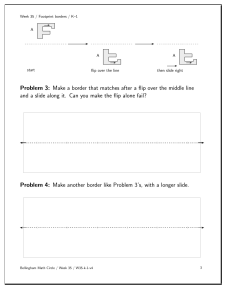

for adults: pick, then print

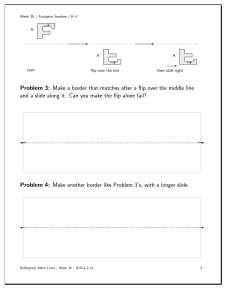

Slides that match and slides that do not
K–1 P1
first route

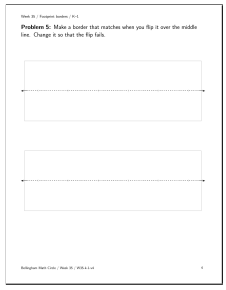

Two different shortest slides
K–1 P2
first route

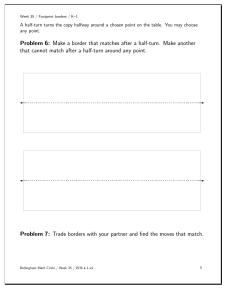

A flip and a slide
K–1 P3
first route

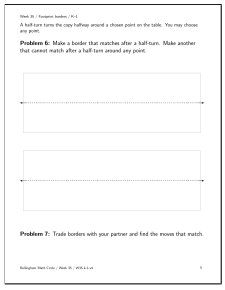

A longer flip-and-slide border
K–1 P4
first route

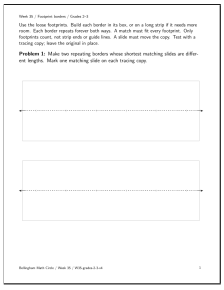

Make the flip fail
K–1 P5
return route

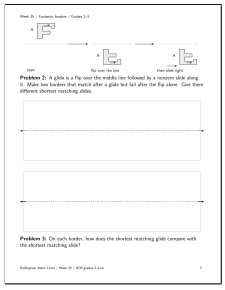

Half-turns
K–1 P6
return route

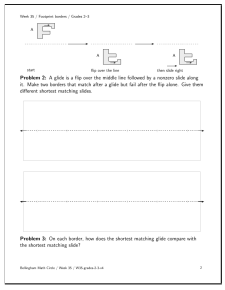

Trade and test
K–1 P7
return route

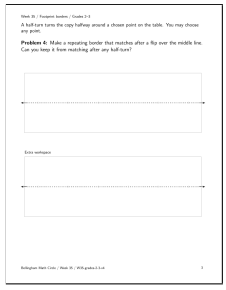

Two different shortest slides
Grades 2–3 P1
first route

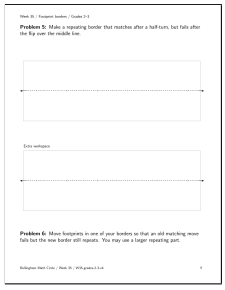

Two glides without their flips
Grades 2–3 P2
first route

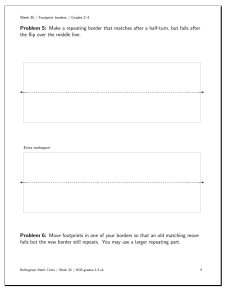

Shortest glide and shortest slide
Grades 2–3 P3
first route

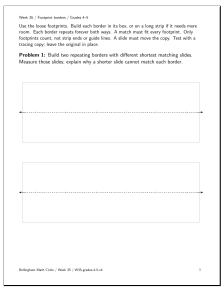

A flip without half-turns
Grades 2–3 P4
return route

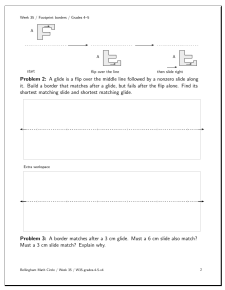

A half-turn without the flip
Grades 2–3 P5
return route

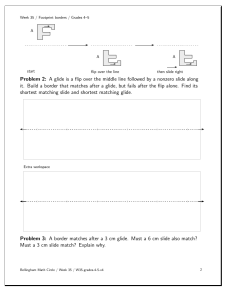

Break a matching move
Grades 2–3 P6
return route

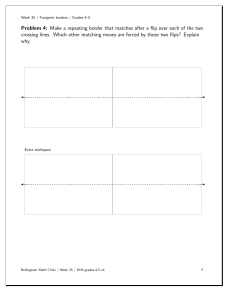

Shortest slides and why
Grades 4–5 P1
first route

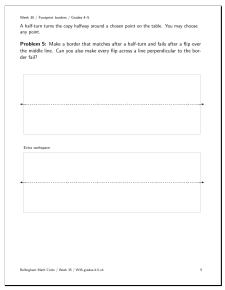

Shortest slide and shortest glide
Grades 4–5 P2
first route

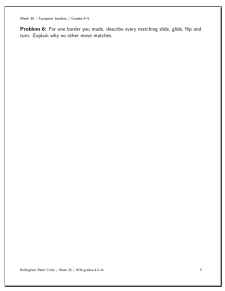

What a 3 cm glide forces
Grades 4–5 P3
return route

Two crossing flips
Grades 4–5 P4
return route

Half-turns without flips
Grades 4–5 P5
return route

Every matching move of one border
Grades 4–5 P6
return route
