Week 9 / Bouncing paths / Problem menu

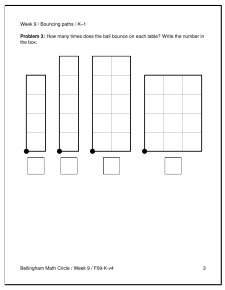

for adults: pick, then print

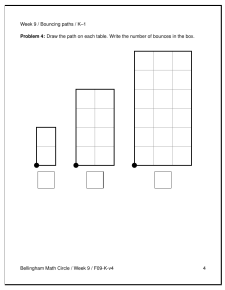

Walk the floor grid from each dot
K–1 P1
first route

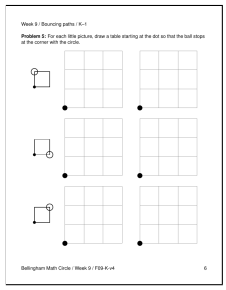

Where does the ball stop on six small tables?
K–1 P2
first route

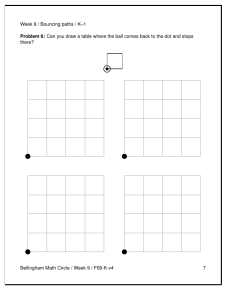

Count the bounces on four tables
K–1 P3
first route

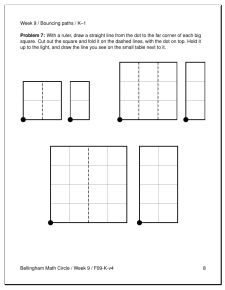

Same shape, bigger tables
K–1 P4
return route

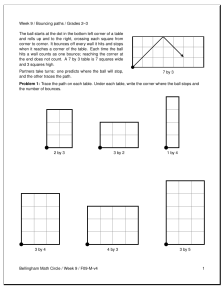

Draw a table that stops at the circled corner
K–1 P5
return route

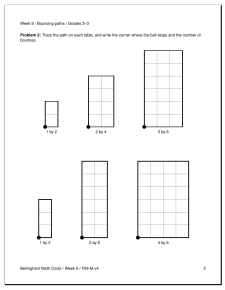

Back to the dot?
K–1 P6
return route

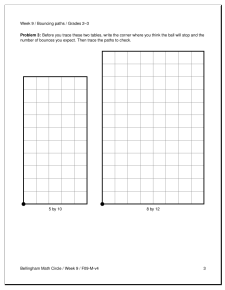

Fold a straight line into a bouncing path
K–1 P7
return route

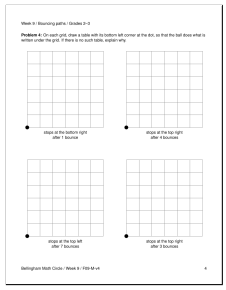

Trace six tables: corner and bounces
Grades 2–3 P1 · Grades 4–5 P1
first route
wording differs by band

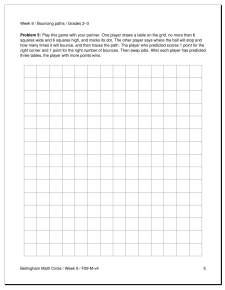

Same shape, bigger tables
Grades 2–3 P2
first route

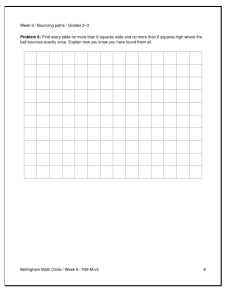

Predict, then trace 5 by 10 and 8 by 12
Grades 2–3 P3
first route

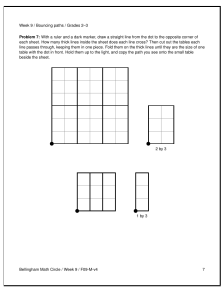

Draw a table for each outcome, or explain why none
Grades 2–3 P4
first route

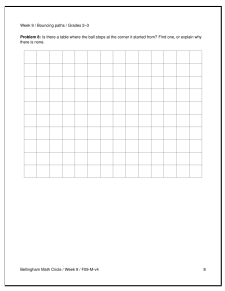

The prediction game
Grades 2–3 P5
return route

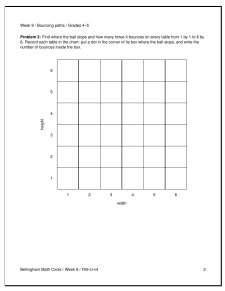

Every table with exactly one bounce
Grades 2–3 P6
return route

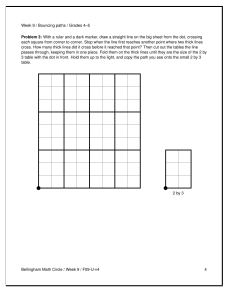

A straight line on a sheet of tables, folded
Grades 2–3 P7
return route

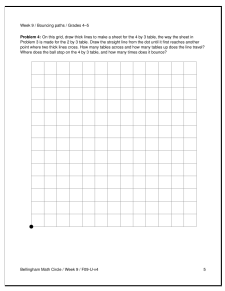

Back to the starting corner?
Grades 2–3 P8
return route

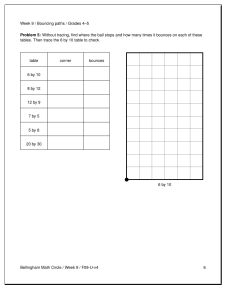

Every table up to 6 by 6, in a chart
Grades 4–5 P2
first route

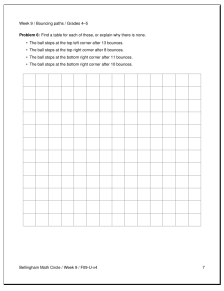

Unfold the 2 by 3 table
Grades 4–5 P3
first route

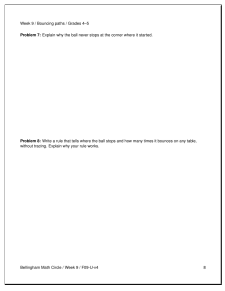

Make the sheet for the 4 by 3 table
Grades 4–5 P4
first route

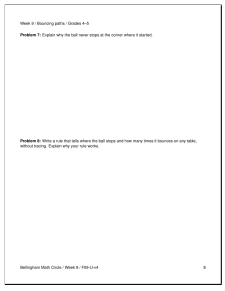

Six tables without tracing
Grades 4–5 P5
first route

Find a table for each outcome, or explain why none
Grades 4–5 P6
return route

Never the starting corner
Grades 4–5 P7
return route

A rule for any table
Grades 4–5 P8
return route
